Exhale Dance Studio offers classes for ages 2 & up in preschool, jazz, tap, ballet and hip hop. Our knowledgeable faculty is ready to share their passion for dance with you and your family.

Ballet: a classical form of dance that develops poise, musicality, strength and coordination. Ballet is recommended to enhance basic technique for all dance styles. We encourage all students to add ballet to their repertoire.

Jazz: a dynamic, high energy form of dance that is set to upbeat music. Students work to improve strength, flexibility, and jazz technique throughout the year.

Tap: a percussive form of dance that incorporates rhythm and sound. Tap develops coordination through basic to intricate footwork.

Hip Hop: a style of dance that is associated with the latest trends in popular music and the artists in Hollywood today. A fun addition to any dance repertoire.

Preschool Classes

All preschool classes are a combination of ballet and tap. A wonderful introduction to the art of dance. Dance helps develop creativity and coordination in children through movement and music while promoting confidence and self esteem.

Tiny Tip Tap Toe (2/3): designed for a child that will be two and a half by September 2010, or a young three year old. This class will begin as a parent assisted class if needed. The goal is for the student complete the second half of the year independently.

Tip Tap Toe I (3/4): a combination ballet and tap class designed for the eager 3 year old ready to work independently, or a younger 4 year old.

Tip Tap Toe II (4/5): a combination ballet and tap class designed for a 4 year old with experience, or a beginner 5 year old.

Adult Classes

These classes are designed for adults with little or no dance experience. A great way to get out, exercise, learn new steps, and have a few laughs with friends. If you have always wanted to learn how to dance, these classes are for you. Adult classes are offered in Ballet, Jazz, Tap and Hip Hop. Don't be shy...you'll love it!
